## Measuring resilience performance of EU: patterns, methodologies and empirical assessments at national and regional levels

International Workshop organised by the BABES BOLYAI UNIVERSITY, Cluj Napoca

Friday, October 23, 2020  
ONLINE EVENT

### RATIONALE

All three partners/universities in the project are expected to organize a one-day workshop per project year. In 2020, all three workshops are scheduled to take place online. The workshop hosted earlier this summer by ASE Bucharest focused on the general topic of regional resilience and was operated as an online conference/panel in a conference. Both project members as well as invited experts presented papers. The workshop in Cluj-Napoca is envisioned as a joint working meeting of the three partners in the project. Project members only will be invited to attend. The five thematic groups created in order to build and compute the resilience performance index will all report on their findings so far

#### 1.30 pm – 1.45 pm

Opening of the workshop.

Brief introduction regarding the creation of the resilience performance index

#### 1.45 pm – 2.00 pm

Brief considerations about the methodology followed by all groups for creating the index

#### 2.00 pm – 4.30 pm

Presentation of thematic group reports:

2.00 pm – 2.30 pm Individual resilience

2.30 pm – 3.00 pm Economics

3.00 pm – 3.30 pm Institutions

3.30 pm – 4.00 pm Environment

4.00 pm – 4.30 pm Geopolitics

#### 4.30 pm – 5.00 pm

Short break (Socializing among project members)

#### 5.00 pm – 6.00 pm

ReGrowEU | Advancing ground-breaking research in regional growth and development theories, through a resilience approach: towards a convergent, balanced and sustainable European Union

PN-III-P4-ID-PCCF-2016-0166

Group discussions on methodological aspects pertaining to aggregating the sub-indexes. How can some of the challenges raised by each thematic group be surpassed. Index as it is applied to the regional level – do we need less indicators/dimensions as some data are not available at the regional level?

- Discussion on mapping the results at EU and regional level. Challenges regarding aggregation and representation of results on maps. What type of info is requested from each of the groups?

**6.00 pm – 6.30 pm**

Wrap up of the meeting. Brief discussion addressing next steps in the project
